### Product and ordering information

Model available in price groups 6, decorative fabric (PG 6), 8, 10, decorative fabric (PG 10), D, H, J, M and X -  
Please refer to our current fabric/leather collection for the fabric/leather selection.

#### STRUCTURE:

Frame: Load-bearing parts of the frame made of solid wood and wood materials, surfaces lined with padded cardboard.  
Seat: Spring system with permanently elastic steel sinuous springs and upper-side cover.  
Seat made of PUR foam (at least RG 35), structured in layers harmonised in different thicknesses and hardnesses. Seat covered with ticking (filled with high-quality filling materials). Cover made of cotton wadding.

Especially light upholstery is distinguished by its highly soft surface. In new condition, the covers exhibit a pronounced wave pattern purposefully based on the design and structure. The upholstery will adjust to the shape of the body and the firmness of the seat will give a little bit. Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.

Chamber cushions: This model features high-quality chamber cushions. The filling material is held in chambers within the cushions to prevent it from shifting. The chambers and the filling material can stand out more or less depending on the type and thickness of the cover material. In order to prevent the filling material from bulging, these seat and back cushions should be plumped up, just like you do with pillows.

Back: Back made of ergonomically shaped foam (min. RG 25). Cover made of cotton wadding  
**The back is optionally available as a low back (70 cm) or a high back (84 cm) - at the same price! - Please always mention with your order!**  
**Low and high backs can be combined with each other.**

ACCESSORIES: Cushion (approx. 40x40 cm), cushion (approx. 50x50 cm), cushion (approx. 60x60 cm), cushion (approx. 60x40 cm), cushion (approx. 72x68 cm) - ONLY available at a surcharge  
Floor cushion (approx. 100x100 cm), arm roll (approx. 17x70 cm) - ONLY available at a surcharge  
Flutter cushion square M (approx. 75x75 cm), flutter cushion rectangular M (approx. 95x75 cm), flutter cushion square L (approx. 95x95 cm) - ONLY available at a surcharge  
Wooden tablet for stool (approx. 40x50 cm), wooden tablet for stool (approx. 70x70 cm) - ONLY available at a surcharge

Decorative fabric: The decorative fabric is only available for selected items (stool, flutter cushion and cushion) and is not produced in a repeating pattern.

Legs: Metal (shiny chrome) No. 906  
Metal black matt No. 908

OTHER: Elements always include a grid connector and are completely covered.

All materials used meet the requirements of the DGM according to RAL GZ 430.  
The appearance of the stitching may vary depending on the fabric, leather and artificial leather used. The definition of quilted mats and cushions depend on the design and structure. The appearance of decorative, fell and double seams may vary depending on the fabric, leather and artificial leather used.

Suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back of the individual fabrics and leathers in our fabric and leather samplers

All dimensions stated in the pricelist are approximate dimensions in cm, determined according to usual measuring method (see RAL-GZ 430) and in unused new condition. Please note that in case of very light upholstery especially the seat height and seat depth can be discerned during the course of use to the dimensions mentioned. We reserve the right to make changes in shape, colour and design within the scope of technical progress. Please always order from left to right as standing in front of the suite.

**Stitchings:**

**Model is available with 2 different stitchings (at the same price) - Please always mention with your order!**
