- Back: Fixed back made from ergonomically shaped foam material (at least RG 25). Cover made of cotton wadding.

**FEATURES:** Manual rocking function (for armchair only)

**Decorative fabric:** This model is also available in the decorative fabrics Classy und Flower Power. The decorative fabric is not produced in repeating pattern.

**ACCESSORIES:** none

**Available feet:** Metal (chrome-plated), rotatable by 360°

**OTHER:** All materials used meet the requirements of the DGM according to RAL GZ 430.  
The distribution of the stitching may vary for fabric, leather and synthetic leather processing. The definition of quilted mats and cushions depends on the design or structure. The working of ornamental seams, felled seams and double-stitched seams may vary in the fabric, leather and synthetic leather variants.

Especially light upholstery is distinguished by its highly soft surface. In new condition, the covers exhibit a pronounced wave pattern purposefully based on the design, model and structure.  
The upholstery will adjust to the shape of the body and the firmness of the seat will give a little bit. Minor differences in the seat hardness with add-on units are design-based and are therefore not a cause for complaint.

Suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back of the individual fabrics and leathers in our fabric and leather samplers.

All dimensions stated in the pricelist are approximate dimensions in cm, determined according to usual measuring method (see RAL-GZ 430) and in unused new condition. Please note that in case of very light upholstery especially the seat height and seat depth can be discerned during the course of use to the dimensions mentioned. We reserve the right to make changes in shape, colour and design within the scope of technical progress. Please always order from left to right as standing in front of the suite.
