Seat: Spring system with permanently elastic steel sinuous springs and upper-side cover.
Seat made of PUR-foam (min. RG35), covered with a cotton wadding.

Soft, flexible upholstery structure where the formation of wrinkles in the covers and seat imprints are part of the model design and are therefore characteristic.
The upholstery will adjust to the shape of the body and the firmenss of the seat will give a little bit.
Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.
