Product and ordering information

Models available in price groups 6, decorative fabric (PG 6), 8, 10, decorative fabric (PG 10), D, H, J, M and X
For choice of fabrics and leathers please refer to our latest fabric/leather collection

STRUCTURE:

Frame: Load-bearing parts of the frame made of solid wood and wood-based materials, surfaces lined with padded cardboard.

Seat: Spring system with permanently elastic steel sinuous springs (Nosag springs) and upper-side cover.

optionally:

Variant 1 or Seat made of PUR-foam (SWAB) (at least RG 35), structured in layers harmonised in different thicknesses and hardnesses, seat covered with cotton wadding.

Variant 2 Spring core seat (FK) made of drawn spring steel wire (except stool). Seat covered with textile wadding, PUR-foam (at least RG 35) and cotton wadding.

Variant 3 Point-elastic pocket spring core seat made of drawn spring steel wire (except stool), covered with textile wadding, foam (at least RG 35) and cotton wadding - available at a surcharge (see page 9)

Back: Loose back cushions with a ticking (filled with high-quality filling material) and cover made from cotton wadding.

Chamber cushions: This model features high-quality chamber cushions. The filling material is held in chambers within the cushions to prevent it from shifting.

The chambers and the filling material can stand out more or less depending on the type and thickness of the cover material. In order to prevent the filling material from bulging, the back cushions have to be plumped up after use, just like you do with pillows.

FUNCTIONS:

2.5-seater, 2-seater and 2-seater medium each with armrest left or right OR without armrests available as comfort bed (seat depth with function: with cushion 81 cm (without cushion 99 cm))

availbe including storage - ONLY available at a surcharge

2.5-seater, 2-seater and 2-seater medium with 2 armrests, with armrest left or right OR without armrests available with cross sleeper (dimension of cross sleeper: 122 cm) - ONLY available at a surcharge

The resting area is covered in the chosen fabric of the seat - resting area without back cushion: 2.5-seater approx. 160 x 140 cm, 2-seater approx. 140 x 140 cm, 2-seater medium approx. 120 x 140 cm

Attention: If the sleeping function is ordered in leather, the lying surface is covered with neutral fabric. At a surcharge the resting area can also be ordered in leather

ACCESSORIES:

different armrests - see page 3

different seat heights - see page 3

different back cushions - see page 3

different seat designs - see page 3

Head rest (ca. 50x17x13 cm), head rest large (ca. 64x17x13 cm), comfort-head rest (ca. 50x30x17 cm), multifunctional head rest (ca. 52x30x25 cm) - can be inserted behind lose back cushions - ONLY available at a surcharge,.

Cushion (ca. 40x40 cm), cushion (ca. 50x50 cm), cushion (ca. 60x60 cm), cushion (ca. 60x40 cm), arm support cushion (ca. 50x40 cm) - ONLY available at a surcharge

Flutter cushion square M (ca. 75x75 cm), flutter cushion rectangular M (ca. 95x75 cm), flutter cushion square L (ca. 95x95 cm) - ONLY available at a surcharge

Model is ONLY available single coloured

Decorative fabric: The decorative fabric is only available for the arm support cushion, cushions and flutter cushions and pattern matching is not possible

Available legs: different designs of legs - see page 4

OTHERS: **Recamiere = free-standing, without connectors and covered at the sides, can therefore not be connect to other elements**

All materials used meet the requirements of the DGM according to RAL GZ 430.

The distribution of the stitching may vary for fabric, leather and synthetic leather processing.

With loose seat and back cushions, an impression of the cushion chamber divisions may be visible (especially with leather covers), this is typical of the product and is a deliberate feature of the design.

The appearance of the stitching may vary depending on the fabric, leather and artificial leather used.

Especially light upholstery is distinguished by its highly soft surface. In new condition, the covers exhibit a pronounced wave pattern purposefully based on the design and structure. The upholstery will adjust to the shape of the body and the firmness of the seat will give a little bit. Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.

Suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back refer to our of the individual fabrics and leathers in our fabric and leather samplers.

All dimensions stated in the price list are approximate dimensions in centimetres, determined according to standard measuring method (s. RAL-GZ 430) and in new and unused condition.

Please note that in case of very light upholstery especially the seat height and seat depth can be discerned during the course of use to the dimensions mentioned.

We reserve the right to make changes in shape, colour and design within the scope of technical progress. Please always order from left to right as standing in front of the suite.

WEEE-Reg.-Nr. DE 22661937

ARMRESTS

Armrest 1
Width: 19 cm
(for long chair No. 1
AL protrudes 7 cm)

Depth	97
Seat height	42 oder 45 oder 48
Seat depth (with cushion)	74 (56)

For technical reasons, the sleep function in combination with the element "angular corner large" cannot be made without a gap closure, so that no closed lying surface can arise. Because of that arising gap of about 20 cm, we exclude this combination.

Seat height 48 cm is not available in combination with the cross-sleeper

SURCHARGES for functions and legs
