STRUCTURE:

- Frame:** All load-bearing parts of the frame made of a metal construction.
- Seat:** Spring system with permanently elastic steel sinuous springs and upper-side cover.
Seat made of PUR foam (min. RG 35), structured in layers harmonised in different thicknesses and hardnesses. Seat covered with cotton wadding.
- Back:** Made of ergonomically shaped foam. Structured in layers that are tailored to each other in different thicknesses and hardnesses. Cover made of cotton wadding.

FUNCTIONS: none

ACCESSORIES: none

Decorative fabric: The decorative fabric is not produced in repeating pattern.

Available feet: Metal (chrome-plated)

OTHER: All materials used meet the requirements of the DGM according to RAL GZ 430.
The distribution of the stitching may vary for fabric, leather and synthetic leather processing. The definition of quilted mats and cushions depends on the design and structure. The working of ornamental seams, felled seams and double-stitched seams may vary in the fabric, leather and synthetic leather variants.

The upholstery with soft and loose qualities is typical of the design and deliberate. Over the course of normal use, sometimes already in new condition, a pronounced wave pattern will arise that is a deliberate feature of the design and structure. The upholstery will adjust to the shape of the body and the seat rigidity will decrease slightly. Minor differences in seat hardness with add-on groups are design-based and are therefore not a cause for complaint.

All standard backrest tensioning parts are delivered in their original cover. You can find material-related information for fabrics in our fabric and leather flaps on the back for the individual fabrics and leather qualities.

All dimensions stated in the pricelist are approximate dimensions in cm, determined according to usual measuring method (see RAL-GZ 430) and in unused new condition. Please note that in case of very light upholstery especially the seat height and seat depth can be discerned during the course of use to the dimensions mentioned. We reserve the right to make changes in shape, colour and design within the scope of technical progress. Please always order from left to right as standing in front of the suite.
