Product and ordering information

Models available in price groups 6, 8, 10, furnishing fabric (PG 10), D, H, M and X -
For choice of fabrics and leathers please refer to our latest fabric/leather collection

STRUCTURE:

- Frame: Load-bearing parts of the frame made of solid wood and wood materials, surfaces lined with padded cardboard.
- Seat: Spring system with permanently elastic steel sinuous springs and upper-side cover. Seat made of PUR foam (min. RG 35), structured in layers harmonised in different thicknesses and hardnesses. Seat covered with cotton wadding.
- Back: Fixed back made of ergonomically shaped foam, structured in layers harmonised in different thicknesses and hardnesses. Cover made of cotton wadding.

FUNCTIONS: Motorized adjustment (touch switch on right) / head rest can only be adjusted manually

ACCESSORIES: Cushion for armrest (approx. 40x18 cm) - ONLY available at a surcharge

Decorative fabric: The decorative is not produced in a repeating pattern.

Available leg: Metal (chrome-plated)

OTHER: Please note that the extended footrest and the lowered back are not suitable for sitting upright. These are designed to support the legs or as a backrest / headrest only. The load limit for both the footrest and the backrest is 80 kg. The maximum total load limit for the seat surface is 120 kg for the chaise longue and 200 kg for the chaiselongue Maxi. An excessive loading can damage the mechanics, causing the furniture to lose its stability.

All materials used meet the requirements of the DGM according to RAL GZ 430.

The distribution of the stitching may vary depending on the fabric, leather and synthetic leather used.

The definition of quilted mats and cushions depend on the design or structure.

The appearance of decorative, fell and double-stitched seams may vary depending on the fabric, leather, or synthetic leather used.

Especially light upholstery is distinguished by its very soft surface. When new, the covers already exhibit a pronounced wave pattern, purposefully based on the design, model and structure. The upholstery will adjust to the shape of the body and the firmness of the seat will give a little bit. Minor differences in seat firmness with add-on elements are design-based and are therefore not a cause for complaint.

All suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back of the individual fabrics and leather in our fabric or leather samplers.

All dimensions specified in the price list are approximate dimensions in centimetres. We reserve the right to make changes in shape, colour and design in the scope of technical progress. Please always order from left to right as standing in front of the suite.
