### Product and ordering information

For choice of fabrics and leathers please refer to our latest fabric/leather collection

#### STRUCTURE:

Frame: Load-bearing parts of the frame made of solid wood and wood materials, surfaces lined with padded cardboard.  
Seat: Spring system with permanently elastic steel sinuous springs and upper-side cover.  
PUR foam seat (min. RG 35). Seat covered with cotton wadding.  
Especially light upholstery is distinguished by its highly soft surface. In new condition, the covers exhibit a pronounced wave pattern purposefully based on the design and structure. The upholstery will adjust to the shape of the body and the firmness of the seat will give a little bit. Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.

Back: Ergonomically shaped foam (at least RG 25). Cover made of cotton wadding.

FUNCTIONS: none

ACCESSORIES: Wooden tray for stool (approx. 40x50 cm), wooden tray for stool (approx. 70x70 cm) - ONLY available at a surcharge

Cushion (approx. 60x40 cm), cushion with a piped trim (approx. 60x40 cm), arm support cushion (approx. 65x65 cm) - ONLY available at a surcharge  
Flutter cushion square M (approx. 75x75 cm), flutter cushion rectangular M (approx. 95x75 cm), flutter cushion square L (approx. 95x95 cm) - ONLY available at a surcharge

Decorative fabric: The decorative fabric is only available for selected types (stool, cushions) and pattern matching is not possible.

Available leg: Glider

OTHER: All materials used meet the requirements of the DGM according to RAL GZ 430.  
Elements always include a grid connector and are completely covered.  
**Longchair + Longchair large** : Due to the size of the seat it is not technically possible to manufacture the entire seat in one piece therefore the longchair in fabric also has a dividing seam  
The distribution of the stitching may vary depending on the fabric, leather and synthetic leather used. The definition of quilted mats and cushions depend on the design and construction aspects. The appearance of decorative, fell and double seams may vary depending on the fabric, leather and synthetic leather used.

Suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back of the individual fabrics and leathers in our fabric and leather samplers

All dimensions specified in the price list are approximate dimensions in centimetres. We reserve the right to make changes in shape, colour and design in the scope of technical progress. Please always order from left to right as standing in front of the suite.

WEEE-Reg.-Nr. DE 22661937

Please note, that the appearance and the distribution of the stitching is different for covers in leather!
