Model Wilson

Product and ordering information

Models available in price groups 6, 8, 10, furnishing fabric (PG 10), D, H, M and X -
For choice of fabrics and leathers please refer to our latest fabric/leather collection

STRUCTURE:

Frame: Load-bearing parts of the frame made of solid wood and wood-based materials, surfaces lined with padded cardboard.

Seat: Spring system with permanently elastic steel sinuous springs and upper-side cover. PUR foam seat (min. RG 35), structured in layers harmonised in different thicknesses and hardnesses, seat covered with cotton wadding.

Back: Ergonomically shaped foam (at least RG 25), cover made from cotton wadding.

FUNCTIONS: Adjustable headrests with all model types.
Manual adjustable seat depth for the model types 2-seater, 1.5-seater and 1-seater - available at a surcharge
Motorised adjustable seat depth for the model types 2-seater, 1.5-seater and 1-seater - available at a surcharge
The motorised seat depth extension is equipped in all types with Soft Touch Control. Elements with the function "motorised seat extension" are equipped with a concealed switch that must be activated for operation.
Operating instructions are included with the furniture.
Please note that, for technical reasons, the legs of the types 1-seater and 1.5-seater in combination with the function "motorised seat extension" must be attached lower under the trimming than with elements without function.

ACCESSORIES: Cushion (approx. 40x40 cm), cushion (approx. 50x50 cm), cushion (approx. 60x60 cm) - ONLY available at a surcharge
Flutter cushion square M (approx. 75x75 cm), flutter cushion rectangular M (approx. 95x75 cm), flutter cushion square L (approx. 95x95 cm) - ONLY available at a surcharge

Decorative fabric: The decorative fabric is only available for selected types (stool, flutter cushions and cushions) and is not produced in a repeating pattern.

Available legs: Choice of 40 cm seat height (leg 12 cm) or 43 cm seat height (leg 15 cm) - please specify this in your order

	Metal	matte chrome	Wood - available wood tones according to our wood sample card (no special colour)
Seat height 40 cm	No. 781	No. 799	No. 747
Seat height 43 cm	No. 782	No. 798	No. 748

Leg position for elements without function	<leg position for elements with function

OTHER: For transport reasons, the large corner element always consists of 2 parts (divided in the middle).
All materials used meet the requirements of the DGM according to RAL GZ 430.
The distribution of the stitching may vary depending on the fabric, leather and synthetic leather used.
With loose seat and back cushions, an impression of the cushion chamber divisions may be visible (especially with leather covers), this is typical of the product and is a deliberate feature of the design.
The appearance of the stitching may vary depending on the fabric, leather and artificial leather used.

Especially light upholstery is distinguished by its highly soft surface. In new condition, the covers exhibit a pronounced wave pattern purposefully based on the design and structure. The upholstery will adjust to the shape of the body and the firmenss of the seat will give a little bit.
Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.

Suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back refer to our of the individual fabrics and leathers in our fabric and leather samplers.

All dimensions stated in the price list are approximate dimensions in centimetres. We reserve the right to make changes in shape, colour and design within the scope of technical progress. Please always order from left to right as standing in front of the suite.
